Report Suspected Fraud, Waste & Abuse

The Office of the City Comptroller provides city employees and the public the ability to report suspected fraud, waste, abuse and misuse of taxpayer funds and City resources. In response to information received, the Internal Audit team investigates and may conduct an audit of the entity, process or operation impacted. The Internal Audit team provides objective assurance and recommendations to management and departments to help improve the City's operations and safeguard taxpayer funds and resources. Internal Audit findings are reported to the Office of the City Attorney and Law Enforcement when necessary.

Examples can include:

- Unauthorized or improper use of taxpayer funds, city property or resources
- Use of city funds, resources or one's position with the City for personal or private gain
- Administration of city programs, operations and activities in a manner contrary to laws, city commission policies, administrative policies, workplace rules and ethical standards
- Irregularities observed in City operations and the reporting of data & activity in City systems
- Observed misrepresentation, falsification or omission of information in any facet
