

CITY OF GRAND RAPIDS AGENDA ACTION REQUEST

DATE: October 8, 2019

TO: Mark Washington, City Manager

FROM: Joel H. Hondorp, City Clerk
City Clerk's Office

SUBJECT: **Ordinance adopting Chapter 105 of Title VII of the City Code entitled "Marihuana Related Municipal Licensing"**

OVERVIEW

On September 24, 2019, a resolution providing for the publication of a proposed ordinance adopting Chapter 105 of Title VII of the City Code entitled "Marihuana Related Municipal Licensing" was approved by City Commission.

The attached ordinance provides for the adoption of Chapter 105 "Marihuana Related Municipal Licensing" of Title VII "Licensing and Regulation" of the Code of the City of Grand Rapids.

The State of Michigan will begin accepting license applications for recreational marihuana uses authorized under the Michigan Regulation and Taxation of Marihuana Act (MRTMA) on November 1, 2019. A municipality must have an ordinance regulating recreational marihuana uses in effect no later than November 1, 2019 in order to avoid a default opt-in status while lacking reasonable regulations on marihuana uses.

The proposed ordinance would require a local license for, and allow the operation of, all marihuana facilities licensed under the Medical Marihuana Facilities Licensing Act (MMFLA) and the MRTMA. These uses would include:

Medical Marihuana Facilities (MMFLA)	Recreational Marihuana Facilities (MRTMA)
Provision Center	Retailer
Processor	Processor
Grower	Grower
Safety Compliance Facility	Safety Compliance Facility
Secure Transporter	Secure Transporter
	Microbusiness
	Designated Consumption Establishment
	Temporary Marihuana Event
	Marihuana Event Organizer

The proposed licensing ordinance will act as a formal opt-in action on recreational marihuana by the City, but specifies a license issuance date of April 20, 2020. This 6-month window will allow time to create of a license application, fee structure, and application process; for staff to research potential land use impacts associated with recreational marihuana; to engage the public; and to amend the Zoning Ordinance to provide appropriate land use regulations for recreational marihuana uses.

In addition to serving as a formal action by the City to opt in on recreational marihuana, the licensing ordinance will provide an important tool by which the City can follow up on agreements made by an applicant during the application and review process, for enforcement actions if needed, and also to help support the City’s sustainability and accessibility goals.

Medical marihuana facilities previously licensed under MMFLA and granted special land use approval by the City Planning Commission will be allowed to operate using their special land use approval as a temporary license until the City begins accepting Marihuana Related Municipal License applications. It should be noted that staff updated the relevant section in the proposed ordinance (sec. 7.379) since September 24th City Commission meeting to ensure clarity surrounding this issue.

BACKGROUND

In 2018, the MRTMA was passed by voters and allows for the consumption, possession, and both personal and commercial production of recreational marihuana. Municipalities can choose to opt out of allowing land uses associated with the Act, but inaction is considered an opt-in by default. The State of Michigan’s Marihuana Regulatory Agency (MRA) published a set of rules on July 3, 2019 that clarified license types and set procedures for regulating recreational marihuana uses. A date of November 1, 2019, was established to begin accepting license applications.

The MRTMA authorizes adult (21 years or older) consumption, possession, and production of recreational marihuana. In July 2019, the MRD released administrative rules that are intended to help with local implementation of MRTMA, provide for a statewide regulatory structure, and prescribe fines, sanctions, and remedies. These rules allow for several license types, some of which reflect the medical marihuana license types allowed by the MMFLA, but some of which are new. The Marihuana Regulatory Agency is granted authority to create new use categories under MRTMA.

The following table provides distinctions between the various types of marihuana businesses currently allowed in the State of Michigan.

License Type		MMFLA (Medical)	MRTMA (Recreational)	Michigan Regulatory Agency
Growers	Class A Grower*	500 plants	100 plants	--
	Class B Grower**	1,000 plants	<u>500 plants</u>	--
	Class C Grower**	1,500 plants	<u>2,000 plants</u>	--

License Type		MMFLA (Medical)	MRTMA (Recreational)	Michigan Regulatory Agency
	Excess Grower	--	More than 13,000 plants (incl 10,000 under MRTMA & 3,000 under MMFLA)	--
	Microbusiness*	--	150 plants, on-site processing, on-site retailer*	--
	Processor**	<u>Processing of raw marihuana into other products (edibles, candies, oils, tinctures, etc.)</u>		--
Storefronts	Provisioning Center	Retail sale of medical marhjuana products	--	--
	Retailer**	--	<u>Retail sale of recreational marihuana products</u>	--
	Designated Consumption Establishment	--	---	Allows on-site consumption of marihuana products by adult customers.
Events	Marihuana Event Organizer	--	--	Person licensed to host Temporary Marihuana Events
	Temporary Marihuana Event	--	--	On-site sales and/or consumption. Only issued to Marihuana Event Organizer licensee and must be approved by City. Event may last up to 7 consecutive days
	Secure Transporter**	<u>Transport of marihuana products between grower, processor, and provisioning center or retailer</u>		
	Safety Compliance Facility	Safety and potency testing of marihuana products		

*** Per MRTMA, recreational licenses for Class A Growers and Microbusinesses may only be issued to Michigan residents until December 6, 2021. No such restriction applies to other license types.**

**** Per MRTMA, recreational licenses for Class B and Class C Growers, Processors, Retailers, and Secure Transporters may only be issued to MMFLA (medical) license holders until December 6, 2021 (although the MRA may remove this restriction in December 2020 under certain circumstances). No such restriction applies to other license types.**

MRTMA 333.27956 Sec.6.5. states that “A municipality may not adopt an ordinance that restricts the transportation of marihuana through the municipality or prohibits a marihuana grower, a marihuana processor, and a marihuana retailer from operating within a single facility or from operating at a location shared with a marihuana facility

operating pursuant to the medical marihuana facilities licensing act.” In other words, where a medical marihuana facility has been granted approval, then some recreational facilities may co-locate where a grower or processor is in operation. It is important to note that these are the same use categories that are protected under the MRTMA where license holders can only be those that have already received approval for medical marihuana until December 6, 2021, or unless the Marihuana Regulatory Agency removes the time restriction sooner.
