Update on COVID-19 Emergency Response and Recovery

October 13, 2020
COVID Impacts on:

- Supreme Court Ruling and Executive Orders
- Elections
- Economic Recovery and Resiliency
  - Economic Recovery and Resiliency Work Group Update
  - CARES Funding for Crime Prevention Work
  - Homelessness Work Group Update
  - Social Zones
  - The Bridge GR
  - Halloween
The Michigan Department of Health and Human Services (MDHHS) defines "Recovered" as the number of persons with a confirmed COVID-19 diagnosis who are alive 30 days post-onset (or referral date if onset is not available). If an individual dies from a COVID-related cause > 30 days from onset/referral, they are removed from the number of persons recovered.

Counts below 20 are masked to protect privacy/re-identification.

The 7-Day Averages reduce variations in new case reporting caused by test result timing and data entry.
Update on Executive Orders

On October 2, the Michigan Supreme Court (MSC) issued an opinion ruling against the statute relied upon for Governor Whitmer's executive orders.

What does that mean locally?

• Protections and directives solely based on the Executive Orders are not valid;
• Other orders from MDHHS still valid pursuant to the Public Health Code;
• Added responsibility on County Health Departments pursuant to Public Health Code and Emergency Management Act;
• Oakland County; Ingham County; Washtenaw County have already issued orders
• Potential City options for additional regulations and ordinances.
Update on MDHHS Orders

MDHHS Orders related to COVID-19:
• 5 Prior Orders reinforcing Executive Orders (April 4, May 18, May 27, June 10, and July 30);
• New MDHHS Orders following MSC Opinion;
  • October 5 updated on October 9 - Gathering Prohibition and Mask Order (MCL 333.2253, see next slide for summary).
  • October 6 (3 Orders): School reporting; Juvenile Justice Centers; and Residential Care.
  • Additional Orders possible related public health and safety.

Other State Action:
• Legislature has begun to work to resolve some issues left open for interpretation by Supreme Court Opinion (e.g. Virtual meetings and preemption on local mask mandates).
COVID-19

MDHHS EPIDEMIC ORDER OCT. 9

MDHHS has issued orders under a law first enacted by the Michigan Legislature after the Spanish Flu of 1918 specifically to deal with epidemics. Note that the Supreme Court struck down a different, broader law.

Under MDHHS’s epidemic order:

1. **Masks** must be worn over nose and mouth in gatherings of two or more people, including stores, offices, schools and events. Businesses cannot admit people without masks, with few exceptions.

2. **Capacity** limits apply to indoor and outdoor gatherings, including business, social and recreational settings. They’re stricter inside.

3. **Restaurants and bars** must limit capacity for gatherings, and may only serve alcohol to parties who are seated, 6 feet apart, and stay separate.

4. **Organized sports** require masks (except for swimming) and have gathering limits.

5. **Employees** who are in isolation or quarantine because of COVID-19 exposure, symptoms or test results cannot go to work with others, or be required to go to work with others.

6. **Contact tracing:** Many businesses must collect contact information from their customers so they can be contacted in case they are exposed to someone who is ill.

To reduce confusion following the Supreme Court decision, MDHHS issued orders following existing executive orders as much as possible under the different law to prevent and control the spread of COVID-19.

- Capacity limits and rules for sports are the same as before.
- Traverse City (Region 6) has slightly less strict rules, as before.
- Mask requirements are almost the same; they do not apply to individuals not in gatherings.
- There are no longer bar closures, but bars may only serve alcohol to gatherings seated at tables.
- MDHHS rules do not include all prior worker protections.

COVID Funding

• Resolution accepting $6.4M Kent County CARES funding on October 13
• Allocated to local units based on COVID-19 cases and population
• Proceeds must be spent by November 15, 2020 or returned to the County
• Allocate grant toward public safety expenses incurred in May and June 2020
• Effectively allows the proceeds to be placed in fund balance
  • Retain to offset fund balance impacts of the pandemic; or
  • Appropriate with budget amendment for recommended use:
    • By the City Manager/Executive Office; or
    • The City’s Economic Resiliency and Recovery Team
• Status of all COVID relief funding efforts at the October 30, 2020 workshop
Kent County CARES Funding for Crime Prevention Work

• Kent County COVID Relief Subcommittee has recommended $500,000 for gunshot detection technology for the City of Grand Rapids with requirement for project completion and expenditure by end of the year
  • Board of Commissioners will consider this allocation on October 22
• ShotSpotter: Series of sensors positioned within a defined area that detect gunfire sounds, initiate an expert review by an external center that confirms the sounds were gunfire, pinpoints the location within 8 ft and notifies the police within 45 seconds
• Gunfire incidents (2020 versus 2019 for January through September)
  • Willful Killing – Gun: Up 166%
  • Aggravated Assault – Gun: Up 42%
  • Weapon Firing (confirmed): Up 215%
  • Shots Fired (unconfirmed): Up 110%
• Shot Spotter national research shows only 20% of shots fired are reported
Kent County CARES Funding for Crime Prevention Work

- Coverage area to be determined based on gunfire data
  - 3 to 4 square miles
  - 2-3-year service contract
  - Cost dependent on above information (majority, if not all to be covered by Kent County CARES funding)
- GRPD will develop a community engagement plan and will follow process for approval via City's Surveillance Policy
- Time is of the essence due to December 30 deadline for implementation
Evidence-Based Violence Prevention Program

• Kent County allocated $500,000 of CARES funding for evidence-based violence prevention programs
  • In addition to the $500,000 allocation for gunshot detection technology
  • Kent County is recommending going through a request for proposal (RFP) process for an evidence-based youth violence and crime prevention program
Homelessness Work Group

- Refined Homeless Outreach Team (HOT) efforts
  - **Mission:** To preserve health and safety and improve outcomes for homeless persons and our community
  - **Goals:** 1) Provide timely response to concerns and complaints, 2) Improve public health and safety outcomes, and 3) Partner with community stakeholders in service delivery

- Began partnership with Network180 and HOT team on 10/5/2020
- Partnering with Community Rebuilders and Arbor Circle on re-housing effort for unsheltered persons/youth on Monroe Center and other targeted locations
- Continuing facilitated discussions with street outreach agencies
- Introducing Interim Homelessness Coordinator to community
Economic Recovery – Outdoor Activation

• Winter activation of social zones
  • Multi-departmental on-site review of existing social zones occurred 9/22/2020
  • Resolutions approved 9/29/2020 define path for heating, shelter, etc.
  • Currently coordinating with DGRI and other partners on seasonal adjustments

• Private property social districts
  • Concept: Commons area and non-alcohol businesses within a shopping mall/center designated as a “refreshment area” (mall/center must contain at least 2 qualified bars or restaurants)
  • Would require City Commission action – resolution to establish the district and individual recommendations of social district permit approval for bars and restaurants
  • In addition to a site map and management plan, a memorandum of understanding between the property owner and City would be required
  • The City’s ongoing involvement likely would be less than for districts/zones in the right-of-way
