Other Updates

Cleared Homicides

- National Average: 55%
- GRPD 2021 Clearance rate: 79%
- GRPD 2022 Clearance rate: 77%
- GRPD 2023 Clearance rate: 71%
- GRPD 2024 Clearance rate: 77%
- 6 of 9 homicides in 2025 cleared by arrest

Other

- 11 recorded fatal overdoses year-to-date
- 308 illegally possessed guns recovered year-to-date

Addressing Domestic Violence

- Grant collaboration and current advocate access
- Danger Assessment for Law Enforcement (DA-LE)
 - Screening done on-scene by sworn officers when they encounter a victim/survivor of Intimate Partner Violence
 - Goal is to increase identification of victims/survivors at high risk for lethal or near-lethal injury
 - Immediate connection to advocacy for those at high risk
- High-Risk Team
 - Will include representatives from victim service agencies, police, prosecution and corrections
 - Purpose is to review cases, share information, and coordinate services and supports for victims

Estimated Project Timeline

October 2025:

- Survivor Listening Session hosted by grant partners to get feedback on project
- Training on the Danger Assessment (the original assessment from which the DA-LE was developed) provided to community-based advocates

November 2025:

- Training on the DA-LE for advocates, GRPD officers, community partners, Prosecution, court staff, and other stakeholders

December 2025:

- Full implementation of the DA-LE

Spring 2026:

- Policy development and planning for the High-Risk Team
- Data collection from DA-LE implementation
- Full implementation of the High-Risk Team

Other Victim Services Projects

- Crime Victims' Rights Week events
- Community connection and education
- Victim Response Team (VRT)
- Crisis Management Briefing
- Volunteer Advocate Team (VAT)
- Therapy Dog
