

## 3 Mile Road (Monroe to Plainfield) Road Design and Construction

Address block here

A street resurfacing project is coming to your neighborhood next year on the street listed above. We invite you to attend an upcoming meeting to learn more about the proposed street design.

Prior to the start of the project, we'll send out another mailer to share construction preparation information. You received this letter because you are within 350 feet of the project.

### Concept Design Meeting

**Date & Time:** Monday, April 14, 2025, from 6 to 7 p.m.  
**Location:** St. Andrew's Episcopal Church  
1025 Three Mile Road, NE  
Grand Rapids, MI 49505

### Contact Information

311 or 616-456-3000  
[communityengagement@grcity.us](mailto:communityengagement@grcity.us)  
[grandrapidsmi.gov/roadconstruction](http://grandrapidsmi.gov/roadconstruction)

### Survey

Please take our quick project survey to share your thoughts on the proposed design as well as inform us about any flooding, water pressure, or sanitary sewer backup issues. To take the survey, you can:

1. Visit [gr.publicinput.com](http://gr.publicinput.com) and search for *3 Mile*
2. Text *3 mile* to 73224
3. Scan the QR code to the right with your smartphone camera
4. Call 311 or 616-456-3000

### Tentative Construction Schedule

2026

### Concept Design

Streets account for the biggest percentage of public space in our City and construction presents an opportunity to change a street's design to serve all users.

The design described below was decided upon based on the guidance and recommendations in the City's Vital Streets Plan and Bicycle Action Plan.

The project will:

- Replace the existing road surface with new layers of asphalt.
- Install a roundabout at the 3 Mile and Coit intersection to improve safety for all roadway users and help slow traffic.
- Remove the bicycle lanes from the street to narrow the street.
- Widen the sidewalk on the south side of the street to create a shared use path. This work will require removal of trees and landscaping.
- Install new sidewalks on the north side of the street from Monroe to Plainfield. This will fill in the gap in the sidewalk network and provide transportation choices for people. The sidewalks will be installed on City property.
- Replace most driveway approaches.
- Plant new street trees.
- Install rain gardens.

After the project is complete, property owners are required to:

- Clear sidewalks and curb ramps within 24 hours from the time it stops snowing.
- Maintain the parkway. The parkway is the area between the sidewalks and road.

Persons needing accommodations for effective meeting participation should contact Community Engagement no later than one week in advance to request mobility, visual, hearing, interpretive, or other assistance.
