

Fuller Avenue (Kalamazoo Avenue to Adams Street) Road Design and Construction

Address block here

A street reconstruction project is coming to your neighborhood next year on the street above. We invite you to attend an upcoming meeting to learn more about the proposed street design.

Prior to the start of the project, we'll send out another mailer to share construction preparation information. You received this letter because you are within 350 feet of the project.

Concept Design Meeting

Date & Time: Thursday, November 9, 2023, from 6 to 7 p.m.

Location: River City Scholars Charter Academy
944 Evergreen St SE,
Grand Rapids, MI 49507

Contact Information

311 or 616-456-3000

Survey

Please take our quick project survey to share your thoughts on the proposed preferred design as well as inform us about any flooding, water pressure, or sanitary sewer backup issues. To take the survey, you can:

1. Visit gr.publicinput.com and search for *Fuller*
2. Text *Fuller road construction to 73224*
3. Scan the QR code to the right with your smartphone camera
4. Call 311 or 616-456-3000

Tentative Construction Schedule

Spring 2024

Concept Design

Streets account for the biggest percentage of public space in our City and construction presents an opportunity to change a street's design to serve all users. The design described below is based on the guidance and recommendations in the City's Vital Streets Plan.

The project will:

- Remove one or two layers of asphalt and pave a new street from Kalamazoo to Ramona.
- Reconstruct the street from Ramona to Adams including:
 - Place new curb and gutter
 - Place new water main
- Install curb extensions at intersections to shorten pedestrian crossings, better define the parking lanes, make room for rain gardens, and help slow traffic speeds.
- Maintain parking on the west side of the street from Boston to Adams.
- Replace the parking lane on the east side of the street with bicycle lanes on both sides of the street.
- Upgrade sidewalks and ramps to meet the Americans with Disabilities Act standards.
- Replace some driveway approaches as needed.
- Make improvements to the storm sewer system.
- Plant new street trees.

Curb Extension Example

Business Guide

As we work to improve the street, we understand that businesses are sensitive to construction. For this reason, we've created a guide containing information for businesses during construction. Please find this guide on our website or contact us to have a copy sent to you.
